

BRITISH RAIL DESIGN CARRIAGES EXPORTED ABROAD FOR PRESERVATION

Several carriages have been exported for preservation, whilst several others have been preserved abroad following use by overseas railway administrations. Only those considered to be preserved are included here, with the last known location being shown. It should however be emphasised that there is no guarantee that the carriages are still located at the preservation sites shown.

For each country carriages are listed numerically in order of their British Rail numbers. Details then follow of their type, lot, builder and present owner/location.
