5) News of Mainline Operators

a) Carriage & Traction Company Ltd

Early May saw the reinstatement from store of Mark 2 FOs 3174, 3181, 3224, 3240, 3262, 3263, 3265, 3267 and 3270 to service at Bounds Green T&RSMD. To date they have however seen little use.

Also reinstated are Mark 2 TSOs 5761, 5770, 5803, 5811, 5820, 5835, 5837, 5842, 5873, 5878 and BFKs 17153 & 17169. These have now been hired to the West Coast Railway Company, Carnforth. They now see regular use in sets formed with carriages from the Carnforth Maroon set pool.

Various other sale & hiring arrangements are also currently being made. TSOs 5010 and 5040 have been sold to The Riviera Ltd and have moved from Carlisle Yard to The Railway Age, Crewe in order that overhaul can take place. RB 1678 has been loaned to the Severn Valley Railway and it is understood that it will shortly be joined by two Mark 1 FOs. It is now confirmed that Pullmans 335, 347, 348, 349, 350, 351, 352, 353, 354 and Mark 1s 2013 and 14013 have passed to Flying Scotsman Steam Railways Ltd subject to the completion of outstanding documentation. It has not yet been possible to confirm the identities of the other carriages involved in this deal although it is understood two brake carriages, but not Couriers 80211 & 80214, are also included along with a Mark 1 RB. No movements have yet taken place involving these carriages. It is also confirmed that RB 1646 has been sold to the Cheddleton Railway Centre.

The Exhibition train for the Walt Disney organisation was completed in late May and consisted of RB 1698, FO 3150, Generator 6311, Courier 80211, BG 92116 and Exhibition Vans 99662, 99663, 99664, 99665, 99666. The later five being conversions from 5689, 6223, 6231, 5755 & 3250 respectively. All ten carriages being based at Bounds Green T&RSMD. TSO 5777 was used as a source of spares and has not been used as part of the train, it is now stored at The Railway Age, Crewe. All ten carriages were painted into a purple livery for use on a British tour which lasted until mid June. RB 1698 & FO 3150 have subsequently moved to The Railway Age, Crewe where it is understood they are to be re-painted.

Repaints of mainline fleet carriages continues at a slow rate. With the exception of those painted purple for use in the Walt Disney train the only other recent repaints have been into Waterman Railways VIP livery. This livery is now carried by RF 325, RB 1680, STAFF 2834, FOs 3097, 3121, 3141, 3146 & 3147, BCK 21269 and BSKs 35465 & 35469. The majority of these being formed in BN93 set.

Recent weeks have seen a number of movements involving the non mainline fleet. At the time of compiling these notes the carriages were located as shown in the following list. All are Air-braked only except those shown v which have Vacuum-brakes only or x which are Dual-braked

b) The Riviera Ltd, Cranmore

The four Mark 1 TSOs from the Riviera Ltd set currently passed for mainline running, 4963, 5025, 5029 & 5030 have been loaned to North West Regional Railways Ltd for the duration of the summer timetable. These along with 4912(WDS99318) loaned from the West Coast Railway Company and 4917 loaned from Eversholt Train Leasing Company are being used to strengthen the six four carriage sets used on North Wales Coast trains to five carriages for the summer season. Each set has one of the above carriages added to its formation in position 'E' thus giving extra non-smoking accommodation.

Recently acquired 4902 is currently being overhauled at Lancastrian Carriage & Wagon Company's Heysham works and when completed will also be loaned to North West Regional Railways Ltd for the remainder of the summer.

All five TSOs will be returned to Cranmore at the beginning of October in order to join the balance of the carriages from the Riviera Ltd set.

c) West Coast Railway Company, Carnforth

During May Mark 2 TSOs 5453 and 5491 painted in the dark blue South Wales & West livery replaced Mark 1 TSOs 4912(WDS99318), 5033(WDS99328) and 5044 (WDS99329) in the fleet loaned to South West & Wales Railways Ltd. Carriages now on loan being Mark 2 TSOs 5453, 5463, 5478, 5487, 5491, 5569 and BSOs 9440 and 9448.

As recorded above 4912(WDS99318) has now been loaned to North West Regional Railways Ltd for use on North Wales Coast trains during the summer season.

The carriages being used on West Highland steam services this summer are Mark 1 RMB 1860, TSOs 4931(WDS99329), 4954(WDS99326), 4958, 5033(WDS99328), 5044(WDS99329) and BCK 21256(WDS99304). The support coach for loco 44767, BSK 35457(STOR99995) is also at Fort William.

As recorded above twelve Mark 2s have been hired from the Carriage & Traction Company Ltd. These are currently being formed as required in sets along with other carriages from the Carnforth Maroon set pool.
