BSK	35212	Scrapped at European Metal Recycling, Sheffield

**Special Note:-** TSOs 4946, 4996 & 5008 had continued to be considered as 'preserved' as they retained 'plated numbers' even though being operated as part of the Rail Charter Services mainline fleet. They have recently been re-registered under their capital stock numbers and thus the above entry.

National Fishing Heritage Centre, Grimsby

## c) British Rail Mark 2 Passenger Carrying Coaching Stock

TSO 5438 Scrapped on site at Cheriton Exhibition Centre by Astra Demolition on behalf of Walker Construction.

**Special Note:-** The records from which the information used in these sheets is derived pre-date the privatisation process of British Railways. Thus all coaching stock not owned by British Railway was included. This included some carriages used for infrastructure maintenance. It is now considered incorrect to consider these here and thus the following are shown as deletions even though they still exist.
