Stored Mark 2 BFK 17159 has been moved from Old Oak Common to Stewarts Lane.

Mark 2 TSOs 5814 and 5816 that were extensively damaged in the Old Oak Common Fire of 5th September 2004 are considered beyond economic repair and have been taken off lease. They remain at Old Oak Common pending disposal.

At the time of the acquisition of the rolling stock assets of Rail Charter Services (Amendment Sheet 64) this company also owned Mark 2 FOs 3225, 3226, 3258 and FK 13582. These remain in storage at MoD Kineton. In addition, during 2003 the company also acquired Mark 3 Sleeping Cars SLEP 10540, 10546, 10054, 10572, 10604 and SLE 10653, 10654, 10669, 10682, 10686, 10711, 10712, 10713, 10730 from Cotswold Rail Engineering. These later seven carriages were acquired for use on a contract to provide carriages to Arriva Trains Northern for services between Leeds/York and Carlisle/Knaresborough between September 2003 and September 2004. All but TSO 6178 were repainted in Arriva Trains livery and saw use. TSO 6178 was used as a source of spares and has subsequently been stored at Healey Mills Yard. Following completion of the contract with Arriva Trains Northern the six carriages in Arriva Trains livery saw limited use with Arriva Trains Wales for relief trains in connection with events at the Millennium Stadium in Cardiff before being moved to storage initially at Crewe International Electric Depot and more recently at Old Oak Common.
