

PRESERVED COACHING STOCK OF BRITISH RAILWAYS

AMENDMENT SHEET NUMBER 112

July/August/September 2011

MYSTERIOUS CARRIAGES!!!

SR PMV 1313(041682) (body) No further information regarding the current location of this body, last mentioned in 'Amendment Sheet 105', has come to light, on the assumption that it does indeed still exist. Consequently, I have decided to no longer include it as a 'Mysterious Carriage' and treat instead as a 'Deletion', thus the entry below. Similarly, in future if any other body disappears from a location it will be considered to be a 'Deletion' unless its new location can immediately be identified. Should such bodies be subsequently found then details will be included as a 'Correction'.

MULTIPLE UNIT VEHICLES

Special Note:- Further to the note on Amendment Sheet 97 regarding 'Preserved Locomotives of British Railways – twelfth edition' and its coverage. Subsequently the thirteenth edition was published in 2009, with which I had limited involvement. The fourteenth edition has now been published, with which I have had a greater involvement. Coverage of concept diesel rail-buses that never saw revenue earning service with BR and purpose built departmental rail-buses is now reinstated for this latest edition. Trolleys and London Underground EMUs continue not to be included but coverage of these will continue in these Amendment Sheets for the time being.

1) Additions

a) British Railways EMUS
