MULTIPLE UNIT VEHICLES

Special Note:-The last edition of 'Preserved Locomotives of British Railways' to include London Underground EMUs was the eleventh published in 2002. Since then though, amendments concerning such vehicles have continued to be included in these Amendment Sheets. I am pleased to say that details of preserved London Underground EMUs are now being included in a new book recently published by Platform 5 Publications titled 'UK Metro & Light Rail Systems'. This also includes preserved cars of the Glasgow Subway. Information about London Underground EMUs contained in this Amendment Sheet is included in the new title. Future Amendment Sheets will though continue to update the new book with regard to London Underground EMUs as well as Glasgow Subway Cars.
