

PRESERVED COACHING STOCK OF BRITISH RAILWAYS

AMENDMENT SHEET NUMBER 165

October / November / December 2023

MYSTERIOUS CARRIAGES!!!

BR Mark I BSK 34740, later DB975493 – this carriage was offered for sale by its then owners in 2020. At the time it was located at the East Lancashire Railway. It is no longer located at the East Lancashire Railway and enquiries suggest that it left during 2020. No subsequent sightings or reports of what happened to it have been traced. Does anyone know of its current whereabouts or what became of it?

SR B 201 – this van left the Spa Valley Railway during 2021, reputedly for further static use. No subsequent sightings or reports of what happened to it have been traced. Does anyone know of its current whereabouts or what became of it?

SR POT 4958 – understood to have left the Pontypool & Blaenavon Railway during the spring of 2022. It was pictured in what appeared to be a car park soon after, the picture apparently taken in Tredegar. No subsequent sightings or reports of what happened to it have been traced. Does anyone know of its current whereabouts or what became of it?

LMSR SLT(T) 617 – understood to have left the Swindon & Cricklade Railway in autumn 2018. At the time it was mentioned that it was destined for the Tanat Valley Railway via storage somewhere in the Potteries. No subsequent sightings or reports have though emerged. A possibility is that it is located with GWR locomotive 2859, believed to be in Congleton, it hasn't though been possible to confirm this. No subsequent sightings or reports of what happened to it have been traced. Does anyone know of its current whereabouts?
