

# PRESERVED COACHING STOCK OF BRITISH RAILWAYS

AMENDMENT SHEET NUMBER 168

*July / August / September 2024*

## MYSTERIOUS CARRIAGES!!!

**Railway Retreats, Northiam, East Sussex** – two further suggestions have been put forward for the identity of the unidentified Southern Railway design PMV in use as holiday accommodation at Northiam. Firstly, **2188**, that I believed was still located at the Mid Hants Railway. Apparently it left their several years ago, one of two to be used for holiday accommodation. If **2196**, previously at the Mid Hants Railway, but now used at Northiam as holiday accommodation was the other then it is a likely candidate. Secondly, **1333**, that I'm now told left the Battlefield Railway a few years ago and was subsequently somewhere in Kent or East Sussex from where it was then offered for sale. Could this be the one that was reported as moving to Sandhurst, Kent in connection with possible use at Northiam, at about the same time the mystery PMV arrived at Northiam. If so perhaps it is still at Sandhurst. Also, I've never been able to clarify a report that a PMV had been moved to the garden of a house in or near Edenbridge, Kent. Could this have been **1333**?

**Shesells Seashells, Platform 3 Folkestone Harbour station, Kent** – this location has previously been recorded as Folkestone Harbour Railway and is where GWR Mink D **28833** is located. It is a diner housed in former NPCCS and Vans. In addition to **28833** and SR GUV **4588** there are two SR PMVs, the identities of which are not yet known. It is understood they have come from the East Kent Railway where they have been restored and altered. Prior to that at least one was located at the Mid Hants Railway, leaving their in March. Any help in identifying these PMVs would be welcomed.

**Macsalvers Yard, Pool, near Redruth, Cornwall** – the two SR PMV bodies, **1299** and **2120**, were removed by road following sale for further use, a few years ago. Enquiries suggest that one went to somewhere in Kent, the other to Portreath, Cornwall. Any help in establishing their current whereabouts would be welcomed.

**SR B 201** – this van that left the Spa Valley Railway during 2021 (see Amendment Sheet 165). It has still not been located. Edenbridge has also been suggested as a possible location. Is there a connection with the reported movement of a SR PMV to Edenbridge (see above)? Any help in locating this van would be welcomed.
