

PRESERVED COACHING STOCK OF BRITISH RAILWAYS

AMENDMENT SHEET NUMBER 169

October/November/December 2024

MYSTERIOUS CARRIAGES!!!

BR Mark I SK 24997 – is understood to have left the Nene Valley Railway in 2021 and no subsequent reports have been received. It has been mentioned that it had gone into the same ownership as BR Mark 2 FK 13484 which has now been scrapped (see below). Consequently it has been concluded that this has also been scrapped.

BR Mark I BSK 34740, later ADB975493 – subsequent to Amendment Sheet 165, no further information about this carriage has emerged. Considering its condition it has therefore been presumed to have been scrapped.

LMSR SLT(T) 617 – subsequent to Amendment Sheet 165, no further information about this carriage has emerged. Considering its condition and likely asbestos presence it has therefore been presumed to have been scrapped.

Glasgow Subway Gripper Car 7 – was offered for sale by Silverglint Entertainment in 2018. Recent enquiries suggest that it was sold for bed and breakfast use in Cornwall. Does anyone know its current whereabouts?
