7) Corrections to 'Amendment Sheet Number 22'

The reference to Mark 1 TSO 4933 and Mark 1 BSK 35455 in section 3)d) should be deleted. Also the reference to these two carriages in section 6)a) should also be deleted.

Although it was widely reported in 1997 that these two carriages were to be exported to the Harrods Creek & Westport Railway, Louisville, Kentucky this did not take place then or subsequently. Since this time the two carriages have remained at the East Lancashire Railway and now regularly used in traffic sets. For this reason it has been concluded that export will not now take place and thus the above entry.
