

PRESERVED COACHING STOCK OF BRITISH RAILWAYS

AMENDMENT SHEET NUMBER 71

September/October 2004

SPECIAL AND CHARTER TRAIN COACHING STOCK

1) Old Oak Common Fire

During the evening of 5th September a fire started in Fragonset Railways Mark 1 RBR 1981 stabled at Old Oak Common. The London Fire Brigade preliminary investigation concluded that the fire had been caused as a result of the boiler in the kitchen area of the carriage having been left on and consequently boiling dry. The consequential fire then burnt through the bottom of the boiler, then through the aluminium floor of the kitchen before spreading through the whole carriage and to adjacent carriages before being brought under control by the fire brigade. In addition to the extensive damage to 1981 it is understood that Mark 2 FOs 3429 and 3300 coupled either side of it were severely damaged along with lesser damage to FO 3337 coupled to 3300. On adjacent sidings and extensively damaged were Mark 2 TSOs 5814 and 5816 on one side and Mark 2 TSOs 5389 SIR GALAHAD and 5420 LYONNESSE on the other. Other carriages close by also suffered from smoke damage.

2) Fragonset Railways

Mark 1 RBR 1657 has been acquired from the Llangollen Railway (see below) and moved to the companies Derby workshops. An extensive overhaul is now taking place prior to this carriage entering service to replace fire damaged RBR 1981 (see above).

3) Riviera Trains

Mark 2 TSO 5275 has been taken out of use and disposed of as shown below.
